

# Erasmus v Budapešti

### It's hard to state where we are from

Take a break from what you're doing, close your eyes and imagine. There are three girls: Žaneta, a graphic designer, IT student, yoga lover from Slovakia; Chantal, engineer girl, a future consultant, from the beautiful Aachen in Germany; Marta, dreaming about the diplomatic career, from Italy. What's the possibility these three girls have met, became friends and experienced one of the best moments in their lives together? Now open your eyes, the answer is simple: Erasmus. We met each other while studying in Budapest, became good friends and decided to hitchhike through the Balkan together. We started in Budapest, saw the beauty of Croatia, Montenegro and Bosnia and Herzegovina. We couldn't wish for the better end of our trip as the vibrant city of Sarajevo.
